2. Tanya is going to write a paper about butterflies. She can write about anything she wants, but the paper can only be two pages long. What would be the BEST topic for a two-page paper?

- A. Butterflies that live in Georgia
  - B. Butterflies that live in the United States
  - C. Butterflies that live in the South
  - D. Butterflies of the world
- 

3. Jean is taking notes from a passage about rainbow trout. Which of these notes is copied directly from the passage?

The rainbow trout is a fresh water fish. It gets its name from the band of color, like a rainbow, that runs along its sides. Like all fish, the rainbow trout can breathe under water. Water goes into the mouth. Then it is forced through the gills, which absorb the oxygen from the water.

- A. The rainbow trout lives in fresh water.
  - B. The rainbow trout is called rainbow because it has colors like a rainbow on its sides.
  - C. The rainbow trout can breathe under water.
  - D. The water is forced through the gills, and the gills absorb the oxygen from the water.
- 

4. José is writing a report on careers. Where could he go to find the MOST recent information?

- A. an almanac
  - B. a dictionary
  - C. the world wide web
  - D. an atlas
