

In line with its Core Beliefs and Commitments (see [Policy BAB: School Board Governance](#)), the Henry County Board of Education has established a comprehensive Code of Conduct that focuses on creating a supportive, safe, secure, and equitable learning environment while promoting the academic, social, and emotional development of students. Henry County Schools' approach to student conduct reflects our commitment to understand and address the causes of student behavior and teach students appropriate behavior while providing a safe and secure learning environment for all students.

The Henry County Board of Education's Code of Conduct was designed and created to comply with the progressive discipline processes set forth in O.C.G.A. §20-2-735, which states that discipline will be in proportion to the severity of the behavior leading to the discipline, that the previous discipline history of the student during the current school year and other relevant factors will be taken into account, and that all due process procedures required by federal and state law will be followed.

A copy (digital and/or hardcopy) of the Code of Conduct is provided annually to each student in grades pre-kindergarten through twelfth. Students who enroll in Henry County Schools during the school year will receive the Code of Conduct at the time of enrollment.

Per Georgia Department of Education (GADOE) Discipline Discrepancy Requirement - relevant disciplinary procedures apply to the child with a disability in the same manner and for the same duration as the procedures would be applied to a child without a disability unless the Behavior Intervention Plan (BIP) states otherwise or the disciplinary action is found to be a manifestation of the child's disability. Please refer to HCBOE [Policy JD: Student Discipline](#).

Additional Behavior Requirements

The District may impose campus, classroom, or club/organization rules in addition to those found in the student handbook. These rules may be listed in the student and campus handbooks, be posted, or distributed in classrooms, or be published in extracurricular handbooks, state or national organization bylaws, and/or constitutions. Sponsors and coaches of extracurricular activities may require and enforce additional standards of conduct for student participation in extracurricular activities.

Organizational standards of behavior concerning an extracurricular activity are independent of the Student Code of Conduct. Violations of these standards of behavior that are also violations of the Student Code of Conduct may result in disciplinary actions being taken against the student, including but not limited to, the student being removed from participation in extracurricular activities, exclusion from school honors, suspension, and expulsion for violation of the Student Code of Conduct.

Addendums to the Code of Conduct may be added based on the specific needs of response to the pandemic or other national emergencies. These will be communicated by the schools through phone, internet and/or physical distribution of guidelines.

Information Regarding Disciplinary Procedures

The Code of Conduct governs students' behavior on school grounds and off school grounds at a school activity. The Code of Conduct also governs student behavior off school grounds at a non-school activity, but where the misconduct constitutes a potential danger to school, students, and/or staff, or constitutes or causes a disruption of school operations. Finally, the Code of Conduct also governs any student conduct that constitutes a violation of the Student Code of Conduct en route to and from schools, en route to or from any school-sponsored activity, while on the bus, and/or while at the bus stop.

Disciplinary action will be progressive, will draw on the professional judgment of teachers and administrators, and may, depending on the circumstances, include a range of discipline management alternative resolutions, including positive disciplinary techniques. Disciplinary action will take into consideration, without limitation, the seriousness of the violation, the student's age and grade level, the frequency of the student's misbehavior overall, the student's attitude, whether the student was acting in self-defense, the effect of the misconduct on the school environment, intent or lack of intent at the time the student engaged in the conduct, and requirements of law (including, without limitation, IDEA and Section 504). Because of these factors, discipline for a particular violation (unless otherwise specified by law) may bring into consideration varying alternative resolutions and responses. Principals or designees will have the authority to assign consequences based on behavior related to specific incidents. This may include differentiated discipline assigned on a case-by-case basis.

When a Code of Conduct violation is reported or suspected, the principal or designee will determine whether an investigation is warranted and, if so, will instruct appropriate personnel to conduct an investigation. The investigation, where possible, should include interviews with alleged perpetrator(s), identified witnesses, teacher(s), staff members, and others who might have relevant information. When possible, written statements may be requested from all individuals who are interviewed. Video surveillance, if available and relevant, should be reviewed and secured. Principals and Assistant Principals have the responsibility and authority to question students for the purpose of maintaining a safe and orderly school environment. Although schools will make an effort to inform parents about issues of concern, when possible, parental consent and notification is not required prior to questioning and/or obtaining written statements from students.

At an appropriate time during the investigation, the parent or guardian will be notified. If the incident involves injury or a need for immediate medical care arises, appropriate medical attention will be provided, and the parent or guardian notified as soon as is practicable. The principal and his/her designee should also immediately inform parents/guardians when students are removed from the school setting by emergency medical or law enforcement personnel.

The principal has the authority to assign In-School Suspension or Out-of-School Suspension for 10 days or less. Questions regarding In-School Suspension or Out-of-School Suspension should be directed to the school administration.

The determination of whether a student has violated the Code of Conduct will be based solely on a preponderance of the evidence, which means that it is more likely than not based on all of the evidence available that the student did violate the Code of Conduct. Once it has been determined that the student did violate the Code of Conduct the administrator will follow the progressive discipline process.

LEVELS OF DISCIPLINE

The Code of Conduct is generally organized into four (4) levels of prohibited behaviors: *Level 1 Violations*, *Level 2 Violations*, *Level 3 Violations*, and *Level 4 Violations*. **However, it is important for students and parents to note that the circumstances of particular violations may warrant more severe consequences, even on the first violation. The School District reserves the right, in the administration's sole and exclusive discretion, to take any and all action**

necessary to protect its students, provide a safe and secure learning environment, and to ensure the orderly operation of all educational facilities, including without limitation treating a violation as a higher-level violation and/or providing for more severe consequences. Additional information regarding prohibited behaviors and disciplinary actions follows these sections.

Level 1 Discipline: Level 1 Discipline is generally used for minor acts of misconduct which interfere with the good order of school. Level 1 violations are generally minor violations and may represent a failure to demonstrate universally accepted expectations or social skills. It is the responsibility of all staff to address minor violations as soon as practicable within the environment in which the misbehavior occurred. Following appropriate teacher alternative resolutions, the student may be referred to an administrator. The accumulation of multiple Level 1 violations could result in more severe consequences.

A student may be taken to a Disciplinary Hearing for accumulation of seven (7) or more Code of Conduct violations. This may result in long-term suspension or expulsion.

Level 2 Discipline: Level 2 Discipline violations are generally mid-level acts of misconduct. Mid-level infractions are addressed by administrators. Repeated (two or more) violations of any Level 2 violation can result in that violation being considered a Level 3 violation and referral to a disciplinary hearing. Consequences range from a minimum of a long-term suspension to expulsion and possible opportunity to attend the District's alternative school.

Level 3 Discipline: Level 3 Discipline violations are generally serious acts of misconduct including, but not limited to, repeated misbehaviors of a similar nature, serious disruptions of the school environment, threats to health, safety, or property, and other acts of serious misconduct. Level 3 violations are generally major infractions and are serious safety violations. Major infractions should be reported to the school administrator immediately after the incident and may result in the immediate removal of a student from school. Level 3 violations may result in a referral to a Disciplinary Hearing with consequences ranging from long-term suspension to expulsion and possible opportunity to attend the District's alternative school. Administrators will notify the appropriate district personnel, school resource officers, and law enforcement or state agencies deemed appropriate and required by law.

Level 4 Discipline: Level 4 Discipline violations are the most egregious acts of misconduct and generally constitute a serious violation of the law (for example, conduct which would be considered a serious felony criminal act if the student were an adult), and pose a significant safety risk or result in serious bodily injury. Committing a Level 4 violation will result in a referral to a Disciplinary Hearing resulting in consequences of up to permanent expulsion.

Students currently enrolled at EXCEL Academy (alternative school) that commit a Level 2, 3 or 4 violation may receive a long-term suspension or expulsion from all Henry County Schools without the opportunity to attend the alternative school.

Depending on the severity of the violation, school administrators have the authority to send a student to a Disciplinary Hearing for any violation regardless of the level of disciplinary violation.

Only the Henry County Board of Education has the authority to allow a student who is under a permanent expulsion from any school system to enroll in Henry County Schools.

A student who receives a consequence of permanent expulsion from the Disciplinary Hearing Officer for violating a Level 4 Violation during a school year may not enroll into EXCEL Academy unless the student, pursuant to an appeal to the Henry County Board of Education, receives permission from the Board to re-enroll into the Henry County School

District. The Board may grant the re-enrolled student the opportunity to enroll into EXCEL Academy.

A student who receives a consequence of permanent expulsion from the Disciplinary Hearing Officer for committing a Level 4 Violation may not attend any Offense Based Intervention Programs unless the student, pursuant to an appeal to the Henry County Board of Education, receives permission from the Board to re-enroll into the Henry County School District.

DISCIPLINARY DEFINITIONS

Note: The definitions below are meant to address and define particular disciplinary actions. Throughout this Code of Conduct, other defined terms may refer to the Glossary of Terms located within this Handbook. Parents and students are encouraged to read and become familiar with all defined terms.

Some of the disciplinary actions that may be used for student violations of the Code of Conduct include the following:

- *Warning/Reprimand:* Students will be warned that they may receive a consequence if the misbehavior continues.
- *Detention:* Detention may be used to address tardiness, behavior detrimental to learning, and physical contact between students that is deemed inappropriate. For each day assigned to detention, students will be required to spend a period of time, not to exceed one supervised hour, completing assigned class work. Students may complete activities centered around social and emotional learning, restorative practices, character education, and other activities that assist students in understanding the root cause of their behavior and how they take responsibility for

- their actions. No other activity will be allowed during detention (this includes no manual labor).
- *In-School Suspension:* The student is removed from regular classes for a specified period of time at the local school. Class work assignments are sent to the student by the teachers while in In-School Suspension (ISS). While assigned to ISS, students may not participate in or attend any extracurricular activity, including athletic participation and other school events. If students violate any rule of the ISS program, students may be suspended from the program and from school for the remaining number of days those students were assigned to ISS.
 - *Short-Term Suspension:* Students subject to a short-term out-of-school suspension will be suspended from school for not more than ten (10) consecutive days. Short-term Suspension shall also include suspension from all participation in or attendance of regular school activities, extracurricular school activities, athletic participation, and other school events.
 - *Long-Term Suspension:* Students subject to a long-term out-of-school suspension will be suspended from school for more than ten (10) consecutive days but not beyond the end of the current semester. A Disciplinary Hearing is required to impose a long-term suspension. Long-Term Suspension shall also include suspension from all participation in or attendance of regular school activities, extracurricular school activities, athletic participation, and other school events.
 - *Expulsion:* Students subject to an expulsion will be suspended from school beyond the end of the current semester. A Disciplinary Hearing is required to impose an expulsion of longer than 10 days. Expulsion shall also include suspension from all participation in or attendance of regular school activities, extracurricular school activities, athletic participation, and other school events.
 - *Permanent Expulsion:* Students subject to a permanent expulsion from school will be permanently expelled from school at all times after the effective date of the permanent expulsion beyond the current semester and not allowed to attend any Henry County School. A Disciplinary Hearing is required to impose a permanent expulsion.
 - *Strategies and Alternative Resolutions:* When students commit Level 1 through 3 disciplinary violations, a combination of strategies and alternative resolutions may be used in conjunction with a disciplinary response.
 - *Chronic Disciplinary Problem Student:* A chronic disciplinary problem student is a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around him or her and which are likely to recur (O.C.G.A. §20-2-764).
 - After four or more Code of Conduct violations, the school should inform the parent/legal guardian, invite such parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference with the principal or his/her designee to devise a disciplinary and behavioral correction plan.
 - Students that commit seven or more Code of Conduct violations may be taken to a disciplinary hearing resulting in a consequence of Long-Term Suspension or Expulsion.
 - *Option to Attend Alternative School:* Students who receive a long-term suspension or expulsion, may be provided the opportunity to attend the alternative school based upon the disciplinary hearing officer's decision. Any student who commits a Level 2, 3 or 4 disciplinary infraction while attending the alternative school may be removed from the school, after being found in violation at a disciplinary hearing.
 - Students attending the alternative school may have the opportunity for early return if they meet the District criteria, including but not limited, meeting the EXCEL Academy Student Accountability Rubric. Level 4 violations are not eligible for early return.
 - When the circumstances that led to a student's suspension are particularly violent, disruptive or may pose a danger to the safety and welfare of students and staff, then a hearing officer may determine that the student's referral to alternative program may be in the virtual setting only.

Electronic Resources: Violating the policies for using electronic resources

Henry County Schools provides Internet/World Wide Web access to school system staff and students (users). The purpose of this service is to provide teachers and students access to electronic resources that support job responsibilities and the teaching and learning process. User access to the Internet and other computer resources is a privilege, not a right. Therefore, users who violate rules for the use of electronic resources shall be subject to revocation of these privileges and potential disciplinary and/or legal actions.

The Internet Safety Policy and school system measures are designed to address safety and security when using direct electronic communication. Electronic resources include, but are not limited to, Internet, World Wide Web (WWW), chat rooms, electronic mail, data, online resources, online services, portable media, network information, licensed software, telecommunication resources, HCS Intranet, and all other school system electronic messaging systems and data systems. Staff and students do not have a right to privacy while using the district's computer network. School officials can and will search data or e-mail stored on all school system- owned computers and networks with or without notice.

All users are expected to comply with [Policy IFBGA, Electronic Communications](#), and follow school system regulations for the use of electronic resources. Such regulations include, but are not limited to, the following:

1. Email accounts are provided for professional and academic purposes. Email accounts should not be used for personal gain, personal business activities, or to solicit for non-school system business. Broadcasting of unsolicited messages is prohibited. District employees should use electronic resources to communicate confidential staff or

student information only to those who are authorized to receive and with a need to know. This includes student assessment data.

2. Users are required to follow school system regulations which concern the use of electronic resources (i.e., will not damage computers, will not violate the privacy of users' files, will follow directions of staff or supervisors, will not be wasteful of resources).

15. Do not post messages or information and attribute to another user.

School system staff will employ the same supervision and care in determining and monitoring appropriate use of the Internet. Failure to abide by Board policies and administrative procedures governing use of the school system's electronic resources may result in the suspension or revocation of system access and can result in disciplinary action.

Henry County Schools has taken precautions to restrict access to inappropriate electronic materials; however, on a global network it is impossible to control all available content. A user may accidentally or purposely discover inappropriate information. Use of any information obtained via electronic resources is at the risk of the user. Henry County Schools makes no warranties of any kind, whether expressed or implied, for the service it is providing.

Henry County Schools will not be responsible for any damages a user may suffer, including loss of data or cost incurred from a commercial service. Henry County Schools will not be responsible for the accuracy or quality of information obtained through any telecommunication or electronic resource.

L No. 106-554 and 47 USC 254(h)]; and, (e) comply with the Student Data Privacy and Transparency Act.

Criminal Violations

Students who violate regulations in the Code of Conduct are subject to punishment by Henry County Schools. Students who commit violations that violate local, state, or federal laws are subject to charges by law enforcement authorities.

EXCEL Academy

EXCEL Academy is a non-traditional school that provides a positive learning environment. Students are eligible to receive a diploma from EXCEL Academy and it offers a wide array of special education/504, MTSS, and educational services for qualifying students.

EXCEL Academy offers an alternative to long-term suspension/expulsion to students who violate certain school rules. Since EXCEL Academy is an alternative to long-term suspension/expulsion, any student found to have committed a Level 2, Level 3, or Level 4 violation while attending EXCEL Academy may be suspended or expelled from the school system without the option of attending any Henry County Schools. Transportation is generally not provided to EXCEL Academy unless the student receives Exceptional Student Education Services and/or protected under Section 504.

A student who is enrolled in EXCEL Academy as a result of a disciplinary action will not be allowed on other school grounds during any school activity, extracurricular activity, athletic activity, or other school events. While students are suspended pending a disciplinary hearing, they will be allowed to make up schoolwork during the suspension time.

Off-Campus Behavior

Any student who is arrested, indicted, or has a Juvenile Court complaint filed against him/her which alleges the student committed a felony or a delinquent act which would be a felony if committed by any adult, an assault upon another student, a violation of the laws prohibiting controlled substances or sexual misconduct and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process (O.C.G.A. §20-2-751.5), shall be immediately suspended from school and all school activities with the matter being submitted to a Disciplinary Hearing Officer.

If the Disciplinary Hearing Officer finds there is sufficient evidence to believe the child committed a felony, a delinquent act which would be a felony if committed by an adult, an assault upon another student, a violation of the laws prohibiting controlled substances or sexual misconduct and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process, the Disciplinary Hearing Officer shall issue a short-term or long-term suspension or expulsion from school, or placement of the student in an alternative educational program as deemed appropriate by the Disciplinary Hearing Officer.

Personal Belongings

Personal belongings such as toys, electronic games, playing cards, cameras, or recording devices of any kind may not be brought to school or on class field trips unless they have been approved as part of a class assignment. If such items are brought to school, they may be taken up and kept in the school office until parents come to claim them. Also, students are subject to disciplinary action for bringing inappropriate items to school without the consent of the school administration. The School District is not responsible for lost, stolen or damaged personal belongings.

Reporting Criminal Conduct Any action or failure to act by a student which is a violation of any law or which an administrator or teacher believes may be a violation of a law may be reported to the School Resource Officer (SRO).

School Resource Officers

The primary goal of the School Resource Unit is to provide a safe learning environment for students and teachers. It is the responsibility of the SRO to uphold the constitution, all applicable laws, and protect the citizens. The presence of officers on school campuses and at school-sponsored events helps deter criminal activity. The SRO seeks to establish positive relationships with the school community, and is a valuable resource for students, parents, and teachers regarding matters of safety, security, and criminal law. Whenever incidents of crime or threats to safety occur, the SRO can respond within his or her capacity.

School Safety Zone

School safety zones are defined as in, on, or within 1000 feet of any real property leased, owned, or occupied by the Henry County School District. It is unlawful for any person to carry, possess, or have under his/her control any weapon or explosive compound while within a school safety zone, at a school building or school function, or on school property or a vehicle furnished by the school. Violation of this law is a felony. However, an individual over the age of 21 years old (except students) who are in possession of a weapon and/or has a weapon locked in a compartment of a motor vehicle and has a lawful gun license or permit, may transit through a designated school zone to carry or pick up a student. However, it is unlawful for any person to remain within the school safety zone without a legitimate cause or need. Failure to leave the premises when requested is grounds for a charge of disruption of or interference with the operation of any public school.

Student Allegations of Employee Misconduct

Instances of alleged inappropriate behavior by a teacher, administrator, or other school employee toward a student should be reported to the principal or to the Human Resource Services Department at 770-957-5107. As authorized by Georgia law, if it is determined that a student deliberately falsified or misrepresented information alleging employee misconduct, the student will be subject to disciplinary action that may include suspension or expulsion.

Student Questioning by Officials

School Administrators: Principals and Assistant Principals have the responsibility and authority to question students for the purpose of maintaining a safe and orderly school environment. Though it is important to inform parents about issues of concern, parental consent is not required prior to the questioning of students.

Department of Family and Child Services (DFCS): DFCS officials investigating suspected child abuse are permitted to conduct reasonable interviews and inspections of children. Notice to parents is neither required nor desirable when the object of that investigation may be the parents. If the investigation involves suspected child abuse by individuals other than those residing in the child's household, parents will be informed that such interviews are being requested, if prior notification is possible.

Guardian Ad Litem: The Guardian Ad Litem is a trained professional appointed by the court to represent the best interests of minor children in court cases. Any request to interview a student or to inspect the student's school record should be submitted, in writing, along with court documentation establishing the Guardian Ad Litem relationship with the child.

Law Enforcement: School Resource Officers, as well as Probation Officers of the Juvenile Court, are permitted to question students at school without prior parental approval and notification. Law enforcement officers from other agencies investigating non-school-related matters may question students without the consent of the parent/guardian.

Student Searches

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school administrators may search a student, student desks, student learning devices, and student lockers at any time. In addition, a student may be searched if administrators have reason to believe the student is in possession of an article or substance which

is illegal, prohibited by school rules, or dangerous. Students are given the opportunity to produce the item sought, or to voluntarily empty their pockets, purses, or book bags. Students may be asked to remove their jacket, vest, shoes, or socks. A School Resource Officer will be called if search yields illegal substances or other illegal materials. A student who refuses to allow an administrator to search him/her will be subject to disciplinary action, up to and including suspension and/or a disciplinary hearing.

Student Vehicle Searches

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school administrators may search student vehicles at any time. As a condition of parking on premises owned by the Henry County Board of Education, students consent to a search of their vehicles. Students must have an approved parking permit application on file to park on school premises. Such application provides notice to the consent to search. If school authorities have a reasonable belief that a student's vehicle, which is parked on school premises, contains an article or substance which is illegal, prohibited by school rules, or dangerous, school authorities may initiate a search of the vehicle. Failure of any student to comply with school authorities' search of their vehicle may subject the student to disciplinary actions.

If a search yields illegal or contraband materials, said contraband material shall be deemed to be constructively possessed by the student who owns, possesses, and parks the searched vehicle onto premises owned by Henry County Board of Education, and said student will be subject to school disciplinary actions for violation of the Code of Conduct. Illegal or contraband items recovered from the search of a student vehicle shall be turned over to proper legal authorities for ultimate disposition. If recovered items are not illegal but are in violation of Board policies, the items will be held by the school until claimed by the student's parents or guardian.

STUDENT CONDUCT VIOLATIONS

Henry County Schools strives to provide a supportive, safe, secure, and equitable learning environment for all students. Students shall not violate any of the following rules of Henry County Schools.

Progressive Discipline

The disciplinary levels below correspond to the progressive discipline levels detailed above within the levels of discipline. However, in serious violations, principals or designees working in conjunction with the School Leadership and Operations Division may use a higher level of progressive discipline.

The Code of Conduct provides examples of violations that may occur and guidelines for the MINIMUM and MAXIMUM consequences. This Code of Conduct is not intended to include all violations for which disciplinary action may be taken as it is not possible to identify all behavior, which might result in disciplinary consequences. Similarly, this Code of Conduct is not intended to list every consequence for every violation as it is not possible to anticipate every particular set of circumstances under which a disciplinary consequence may be appropriate. The student will receive a consequence that is either the minimum, the maximum, or an appropriate consequence in between. Students and parents/guardians should expect that discipline will be progressive, will be equitable, and will be fairly and evenly administered. This Code of Conduct is meant to be a clear and concise reference guide and students and parents/guardians are encouraged to communicate with school administrators regarding their student's particular situation.

LEVEL 1 VIOLATIONS

1.1 Behavior Detrimental to Learning: Such behavior includes, but is not limited to, conduct that disrupts the learning environment and insulting/disrespectful communication.

1.2 Bullying (1st Violation): Bullying, as the term is defined in Georgia law (*O.C.G.A. §20-2-751.4*), is strictly prohibited. The Student Code of Conduct for all schools within the school system expressly prohibits bullying. **Bullying is one of three Level 1 violations that has an alternate progression, please see the Bullying progression on page 56.**

1.3 Bus Conduct: Students must obey all bus safety rules and all rules listed in the *Student Code of Conduct*. **Bus Conduct is one of three Level 1 violations that has an alternate progression, please see the Bus Conduct progression on page 58.**

1.4 Unexcused Tardies to school or class: Students that briefly miss class can accumulate tardies which may result in a level 1 violation. Tardies to class of an extended nature may result in immediate level 1 violation.

1.5 Dress Code: Violation of the dress code policy. **Dress Code is one of three Level 1 violations that has an alternate progression, please see the Dress Code progression on page 59.**

1.6 Electronic Resources: Violating the policies for using electronic resources. **Refer to page 51.**

1.7 Misuse of Electronic Communication Devices: Unauthorized possession, displaying or using a cell phone, or other electronic communication device during the school day without the consent of the principal or his/her designee.

1.8 Encouraging Prohibited Behavior: Inciting, urging, encouraging, counseling, or advising others to engage in prohibited behavior that violates the K-12 Student & Parent Handbook or any policy of the District. A student violates this rule when he/she verbally or physically encourages others to engage in prohibited behavior, which may include oral instruction or physically showing a student how to engage in prohibited behavior.

1.9 False Information: Deliberately giving false or misleading information, including, but not limited to, forgery, altering records and academic dishonesty/cheating.

1.10 Failure to Report: Failure to report to a teacher or administrator the knowledge of an event, device, object, or substance that could cause harm to self or others.

1.11 Gambling: Includes, but is not limited to, betting money or other items on card games, dice games, or the outcome of athletic contests or other activities, and/or possession of gambling materials or paraphernalia.

1.12 Inappropriate Items and Activities: Possessing, using, selling, buying, giving away, bartering, or exchanging any material, substance, food item, or personal belonging that is inappropriate for school. Possession or non-damaging use of a laser pointer.

1.13 Inappropriate Physical Contact Between Students: Includes, but is not limited to, non-violent, disruptive pushing, inappropriate displays of affection, or minor inappropriate touching.

1.14 Insubordination: Being insubordinate to school personnel or school volunteers. All students shall comply with directions or commands of all authorized District and school personnel or designees.

1.15 Miscellaneous Violations: Violating any other Board of Education or school rule, including, but not limited to, failing to report to detention and/or violating rules of the In-School Suspension program.

1.16 Tobacco Products and Paraphernalia: Possessing, using, selling, buying, giving away, bartering, or exchanging any tobacco product, or smoking paraphernalia. *See Level 2.18 for vaping/electronic cigarette products.*

1.17 Over-the-Counter Medication: Using or possessing over-the-counter medication at school without the written consent of the principal or his/her designee.

When students must take medicine at school, parents must bring all medicine and related equipment to the principal or his/her designee and complete a **Student Health and Medication Authorization Form**. Medicine cannot be given without written permission and instructions from the parent. **Please do not send medicine to school with students.**

All prescriptions and over-the-counter medicines must be kept in the school clinic or office unless authorized in writing by a physician and approved by the principal in accordance with [Regulation JGCD-R\(1\): Medication-Procedures](#). Students are subject to disciplinary action, including but not limited to, short-term suspension, long-term suspension, or expulsion, if they possess medicine at school without the principal's consent, distribute the medicine to other students, or use the medicine in a manner that is not prescribed or per label directions.

BULLYING

Bullying, as the term is defined in Georgia law (O.C.G.A. §20-2-751.4), is strictly prohibited. The Student Code of Conduct for all schools within the school system expressly prohibits bullying.

If you or your student believe that a student is being bullied, please report it to a school staff member or administrator immediately.

Bullying is defined as an act that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so; or
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act that a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
 - o causes another person substantial physical harm or visible bodily harm;
 - o has the effect of substantially interfering with a student's education;
 - o is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or,

- o has the effect of substantially disrupting the orderly operation of the school.

The term “bullying” applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer networks, or other electronic technology of a local school system.

The term “bullying” also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not such electronic act originated on school property or with school equipment if the electronic communication:

1. is directed specifically at students or school personnel;
2. is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school; and
3. creates a reasonable fear of harm to the students or school personnel’s person or property or has a high likelihood of succeeding in that purpose.

Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic photo, electronic or photo optical system.

Professional development and training opportunities for school staff on how to respond appropriately to acts of bullying, victims of bullying, and bystanders who report bullying, shall be in place. Procedures may be developed at each school encouraging a teacher or other school employee, student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person’s name, at the person’s option, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying shall immediately report it to the school principal. Any report will be appropriately investigated by the administration based on the nature of the complaint and in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. Any report of retaliation for reporting bullying will also be investigated and addressed as called for in this policy and in accordance with school procedures.

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Conduct. Such consequences shall include, at the minimum and without limitation, disciplinary action or counseling, as appropriate under the circumstances. However, upon a finding by the Disciplinary Hearing Officer that a student in grades 6-12 has committed the violation of bullying for the third (3rd) time in a school year, the student shall be assigned to the alternative school (EXCEL Academy).

Depending on the severity of the bullying allegation, school administrators have the discretion to send a student to a disciplinary hearing for the first (1st) or second (2nd) bullying violation whereby the student, if found to have committed the violation, will be subject to disciplinary action pursuant to the student and parent handbook, including but not limited to, suspension or expulsion.

Upon the finding by a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student by telephone call or through written notice, which may be done electronically.

Students and parents will be notified of the prohibition against bullying and the penalties for violating the prohibition by posting information at each school and by including such information in the student/parent handbooks.

Fighting on a bus is among the most serious violations committed by students, as it endangers everyone riding the bus by causing the driver's attention to be diverted. Fighting on a school bus may result in immediate suspension from the bus and/or school with no prior warning or progressive disciplinary action being taken.

During the period of bus suspension, parents/guardians will be responsible for providing the student's transportation to/from school. Bus suspension is not an excused absence or tardy. If a student causes damage to a school bus, parents/guardians will be required to repay the cost of any damage to the bus. At the discretion of the principal, parents/guardians may be asked to meet with school officials to develop a school bus behavior contract for the student.

Before a student who is in preschool through third grade is assigned more than five days of out of school suspension, whether consecutive or cumulative, the student must receive multi-tiered system of supports (MTSS). If the student has an Individualized Education Program (IEP) under the Individuals with Disabilities in Education Act or a Section 504 Plan under the Rehabilitation Act of 1973, then the student’s IEP or Section 504 Team must meet to review appropriate supports provided to the student under the plan.

LEVEL 4 VIOLATIONS

If a preschool through third grade student commits a Level 4 offense, specifically if the student possesses a weapon, illegal drugs or other dangerous instrument, or the student’s behavior endangers the safety of other students or school personnel, then school administration or a hearing officer may assign age-appropriate consequences without first referring the student to the MTSS process.

A student who has committed a Level 4 violation may receive a consequence of expulsion or up to permanent expulsion.

JURISDICTION TO TAKE DISCIPLINARY ACTION

School Administrators are authorized to take disciplinary action for misconduct that occurs:

1. On school grounds;
2. Off the school grounds at a school activity, function or event;
3. Off the school grounds at a non-school activity, function or event, but where the misconduct leads to a potential danger or disruption of school or any other violation of the Student Code of Conduct; and,
4. En route to and from school or any school-related activity, on the bus, and at the bus stop.

Authority to take disciplinary action also extends to any off-campus non-school-related actions by students, *at any time of the year*, which have a direct or immediate impact on school discipline, the educational operation or function of the school, or the welfare of students or staff. Such acts could include, but is not limited to, a felony, a delinquent act which would be considered to be a felony if committed by an adult, an assault upon another student, a violation of the laws prohibiting controlled substances, or sexual misconduct and which makes the student’s continued presence at school a potential danger to persons or property at the school or which disrupts the educational process (OCGA 20-2-751.5). A student whose presence on school property may endanger the welfare or safety of other students or staff, or whose presence may cause substantial disruption at school, may also be subject to discipline.

Notification of Charge or Commission of a Felony

Any student seeking enrollment into the Henry County School District and who has been charged with, convicted or adjudicated of a felony, or for an act that would constitute a felony under the law if committed by an adult, and including any charges, conviction or adjudication that results in an abeyance or given first offender status, or incarcerated for any

period of time, prior to the student being enrolled in the Henry County School District, the student and the student's parent shall immediately notify the Principal and the Superintendent of said charges, conviction or adjudication, and shall provide to the Principal and Superintendent a copy of all documents received by the student concerning said charges, conviction or adjudication, including any bond or probation terms.

Prior to the student enrolling in the Henry County School District, the Superintendent shall make a decision of proper placement of the student. The student's placement may include provisional or long-term status anywhere within the district. Any placement may also include, at the Superintendent's discretion, a safety or transition plan. Upon enrollment, failure of the student to abide by the terms of any developed safety or transition plan may be grounds for disciplinary action, including referral to a Disciplinary Hearing Officer.

Failure of any student to provide the required documentation upon enrollment shall be a violation of the Code of Conduct and will result in the student being referred to a Disciplinary Hearing Officer for disciplinary action.

While the student's placement is pending, the student will not be permitted on campus, unless authorized by the Superintendent. The student will not be permitted to participate in any regular school activities, extracurricular activities, athletic activities, or school-sponsored social events.

If the student and the parents are dissatisfied with the placement of the student by the Superintendent, they shall have the right to appeal the Superintendent's decision by filing written notice with the Superintendent within five (5) days thereof. The Board shall consider the student's placement within ten (10) school days of the Superintendent receiving written notice of the Student's appeal. If no appeal is received by the Superintendent, then the Superintendent's decision shall become final.

Disciplinary Authority of Teachers and Administrators

Teachers: Teachers shall maintain discipline and order in the classroom, and are authorized to give verbal warnings, written reprimands, assign students to detention, refer students to the school office, and employ any other discipline and behavior management techniques except for short-term or long-term suspension or expulsion of a student, discipline which is forbidden by law, or discipline which is permitted under the Student Handbook or by Henry County policy to be administered only by an Administrator or Student Disciplinary Hearing Officer.

For any day assigned to detention, students will be required to spend a period of time, not to exceed one (1) supervised hour, completing assigned schoolwork. Students may complete activities centered around social and emotional learning, restorative practices, character education, and other activities that assist students in understanding the root cause of their behavior and how they take responsibility for their actions. No other activity will be allowed during detention (this includes no manual labor). Transportation of students assigned to detention is the responsibility of the student and his/her parents. One (1) day advance notice shall be given to allow students to make alternate transportation arrangements for those days when assigned to detention.

School Administrators: Notwithstanding anything to the contrary herein, school administrators (principals and assistant principals) have the authority to administer any discipline or behavior management technique which a teacher is permitted to use, may assign students to in-school suspension, assign students short-term suspensions, may assign students Out- of-School Suspension up until the time of a disciplinary hearing (even if for a longer period of time than a short-term suspension) and refer any disciplinary matter to a student Disciplinary Hearing Officer for a disciplinary hearing. Any student who has been suspended pending a disciplinary hearing shall be allowed to make up schoolwork that is missed due to the suspension pending the disciplinary hearing and shall be permitted on school grounds to pick up class assignments at the office unless an administrator determines that allowing the student to pick up work assignments at the school office constitutes a danger to other students or staff. However, students who are suspended pending a disciplinary hearing are not allowed on school grounds to participate in regular school activities, extracurricular activities, athletic participation, and other school events.

Although generally progressive in nature, discipline should be appropriate for the misbehavior and the age of student. **Consequently, administrators have the latitude of assigning discipline in relation to the misbehavior.** For example, students who engage in more serious acts of misbehavior, such as fighting, are not entitled to a warning before any other disciplinary action is taken.

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly, or dangerous conduct not covered in the Student Handbook, the principal or his/her designee may undertake corrective measures which he/she believes to be in the best interest of the student and the school provided such action does not violate School Board policies or procedures, or state or federal laws.

Disciplinary Hearings

Disciplinary Hearing Officers are independent decision makers appointed by the Board of Education to hear disciplinary matters. Notwithstanding anything to the contrary here within, Disciplinary Hearing Officers have the authority to issue a short-term suspension, long-term suspension, or expulsion of any student found to have violated the Code of Conduct. If a hearing is called, the student will be suspended from school until the hearing can be held. The hearing will be held no later than ten (10) school days after the beginning of the suspension unless the parent and school mutually agree to an extension, or the conduct of the student or parent causes a delay beyond said ten (10)-day period. Prior to the hearing, students and parents will receive a notice to include the following:

1. The rules which the student has allegedly violated.
2. A description of the student's acts.
3. The names of the witnesses who may testify against the student (witnesses may be added prior to and during the hearing).
4. The maximum consequence that the student could receive.
5. The time and place for the hearing.
6. That the student is entitled to require witnesses to be present at the hearing and the student will have to present evidence, examine any and all witnesses presented and have an attorney at the student's expense, to represent the student. School administrators should be notified prior to the hearing if a subpoena is to be issued by the Superintendent.

Parents/guardians should contact the school if they would like the notice and other documents related to the hearing in a language other than English. Language interpreter services are also available, upon request, for a student disciplinary hearing.

At the hearing, students and parents/guardians will have the right to present witnesses and evidence, to examine any and all witnesses presented, and to have an attorney, at the parent's/guardian's expense, to represent the student. Any teacher called as a witness shall be given notice no later than 3 days prior to the hearing. O.C.G.A. §20-2-754(b)(4). The decision of the Disciplinary Hearing Officer may be appealed by submitting a written notice of appeal to the Superintendent within twenty (20) calendar days from the date the decision is made.

A student disciplinary hearing is formal, although the strict rules of evidence as applied in a court do not apply in a disciplinary hearing, the school has the burden of proving that the student engaged in acts that violated the student code of conduct. The student will have the opportunity to present evidence and/or witnesses for the Disciplinary Hearing Officer's consideration but is not required to do so. The Disciplinary Hearing Officer will determine whether the student committed or did not violate the code of conduct as set forth by the school.

The Disciplinary Hearing Officer shall make a verbatim or written record of any information orally presented at the hearing. A transcript of the hearing will not be prepared unless there is an appeal to the Board of Education. The record and documentary evidence shall be kept on file by the Superintendent or designee for a period of twenty (20) days after the date of the decision of the Disciplinary Hearing Officer. If no appeal is filed within twenty (20) days of the date of the decision of the Disciplinary Hearing Officer, the record and documentary evidence may be destroyed. If an appeal is filed, the record and documentary evidence will be kept until thirty-one (31) days after the appeal(s) become final, at which time the record and documentary evidence may be destroyed.

All parties shall be afforded an opportunity to present and respond to evidence and to examine and cross-examine witnesses about any matters logically relevant to the charge against the student. The Disciplinary Hearing Officer may limit unproductively long or irrelevant questioning.

The parents or legal guardian of the student may give testimony at the hearing and make a statement to the Disciplinary Hearing Officer concerning their feelings about the proper disposition of the case and to answer any questions. The student may be represented by counsel at the student's expense at the hearing. If parents intend to be represented by counsel at the disciplinary hearing, the parents must notify the school twenty-four (24) hours prior to the start of the hearing so that the school district may elect to retain legal counsel to represent its interests. Failure to notify the District of a student being represented by counsel may cause a delay or continuance of the hearing.

All parties shall be entitled to subpoena witnesses for the hearing. A student or parent/guardian shall submit all requests for subpoenas to the student's principal at least three (3) days prior to the time of the disciplinary hearing.

All student disciplinary proceedings and hearings conducted by either the Disciplinary Hearing Officer or the Board of Education are confidential and are not subject to the open meetings law. Only the following persons are permitted to attend a school disciplinary hearing conducted by a Disciplinary Hearing Officer: the accused student, parents or legal guardians of the accused student, legal counsel, a provider of interpretative services, school staff, and witnesses. Any written records, transcripts, exhibits or other documents assembled or used in any manner with regard to the conduct of any student disciplinary hearing are not public records and are not subject to public inspection.

Students who receive long-term suspension, expulsion or permanent expulsion may file an appeal to the Henry County

Board of Education. The student's appeal must be in writing and delivered to the Superintendent.

When a hearing is appealed, the Henry County Board of Education will review the transcript of the hearing, make a decision based solely on the record, and notify students and parents, in writing, of the Board's decision. At the hearing before the Board, students have the right to be represented at the students' and parents' expense, by an attorney. The attorney will not, however, be permitted an oral argument at the disciplinary hearing appeal. Students and parents may appeal the Board's decision to the Georgia Board of Education by giving the Superintendent written notice within thirty (30) days of the decision of the Henry County Board of Education.

Academic Honesty

Coursework submitted by a student must be the student's own, original work. Students shall not cheat on any assignment by giving or receiving unauthorized assistance (including but not limited to artificial intelligence or similar intelligence-based technologies to generate responses to assignments) or commit the act of plagiarism. Students who commit such acts are subject to not receiving credit on the assignment in question and will be subject to disciplinary action as well.

ATHLETIC CODE OF CONDUCT

Participation in extracurricular activities in Henry County Schools is a privilege and not a property right. It is understood by all students, parents, guardians, coaches and sponsors that the top priority is academic progress. Everyone involved in these activities will make every effort not to interfere with that ultimate goal. The purpose of the Code of Conduct is to establish a minimum standard of behavior. Therefore, coaches or sponsors may establish rules and consequences that are more severe than the stated code. Organization rules must be in writing and approved by the administration of each school. The athletic code of conduct will be enforced in Henry County middle and high schools. However, consequences for violations A through D below will start over when the student begins high school. Consequences for "Violation E" below will carry from middle to high school.

NOTE: Parents/guardians must report any arrest of the student to the athletic director or sponsor within 72 hours of the arrest, even during school breaks. Failure to do so will result in the student being suspended for one (1) calendar year upon evidence proving an arrest occurred.
