HOLLYWOOD HERO

The awards for the best movies and film performances (the "Oscars") are being held this year on February 24. The first Oscars were given out in 1929, but it wasn't until 1954 that an African-American (Dorothy Dandridge, pictured here) was nominated for a best acting award. She didn't win the Oscar, but she set the stage for future African-American winners Sidney Poitier, Denzel Washington, Halle Berry, Jamie Foxx, and Forest Whitaker.

POWER OF LOVE.

February is a great time to think about love -- and how it supports wellness. Loving others -- and feeling loved -- has been shown to lower stress levels, decrease anxiety, boost the immune system, lower blood pressure, and fight disease.

EAT BETTER. PLAY HARDER. LIVE HEALTHIER. LEARN EASIER.
WELLNESS IS A WAY OF LIFE!

WEATHERMAN

When groundhogs start popping up to check out the weather, they have good cause to pay close attention: these 6-12 pound rodents need to eat about a third of their weight in vegetation every day. So it doesn't make much sense for them to pop up for good until the green stuff is starting to pop up, too!
