eat fit

wanna stay fit?
gotta eat right!

item: water verdict: ripped

tip: Use water to power your workouts – and your life. Try to drink at least 6-8 8-ounce servings of water a day. No matter how much you drink, it always adds up to zero calories. So try having agua instead of soda or other high-calorie, low-nutrition drinks as often as possible!

Congratulations and best of luck to all members of the Class of 2026

HAVE A GREAT SUMMER!

Thanks for eating with us this year. We look forward to seeing you when school starts up again!
